

## The Border Tidette.

E. D. MILLER, Editor and Prop.

Entered as Second-Class Matter at  
Nogales, Arizona, January, 1898.

Official Paper of Nogales, Arizona.  
Official Paper of Santa Cruz County,  
Arizona.

MAY 22, 1915.

MUST HANG.

Five Condemned Men Will Be Executed  
May 28th.

A Florence telegram dated  
May 17th says:

"In spite of the predictions  
that he will resign rather than  
carry out the sentence of death  
a week from next Thursday,  
Robert B. Sims, superintendent  
of the state prison here, is al-  
ready making preparations for  
the executions."

"A new rope has been order-  
ed by telegraph to replace the  
old one which has not been used  
for several years."

"A force of men were assign-  
ed yesterday to the gruesome  
task of digging the graves of  
the five Mexicans who are to be  
executed May 28th, and other  
preparations are being carried  
out as rapidly as possible."

"The men condemned to die on  
May 28th are: N. B. Chavez,  
Eduardo Perez, Frank Rodri-  
guez, M. Peralta, Ramon Villa-  
lobos."

Invitations to the press, sher-  
iffs and others, to witness the  
executions, have already been  
sent out by Superintendent  
Sims.

### LOCAL ITEMS.

The great burglar fire-proof  
vault being built in the First  
National Bank of Nogales, is  
second to none in the state. It  
will be a splendid acquisition to  
that mammoth financial institu-  
tion, of which everybody in San-  
ta Cruz county is proud.

Monday Mrs. Loose, wife of  
Louis Loose, manager of George  
B. Marsh, Inc., returned to No-  
gales from New York City,  
where she spent the winter.  
Of course she was accompanied  
by her cute little baby boy. The  
Loose family have taken the  
Edwards residence for the sum-  
mer.

Mr. and Mrs. Ed. Lanier, de-  
parted the forepart of the week  
for their new country home near  
Gladstone, New Mexico, taking  
with them the best wishes of a  
host of friends. There is a big  
lake well stocked with fish and  
game is plentiful on the ranch.  
Mr. and Mrs. Lanier extend to  
their friends a cordial invita-  
tion to pay them a visit.

R. Zellner, Jr., president of  
the Zellner Piano Company of  
Los Angeles, after spending a  
few days in Nogales on com-  
pany business, left for home  
Thursday. Mr. Zellner has  
been making regular visits to  
Nogales for the past seventeen  
years. He has many friends  
and acquaintances here who are  
always pleased to see him. He  
promised to be back for our big  
Fourth of July celebration.

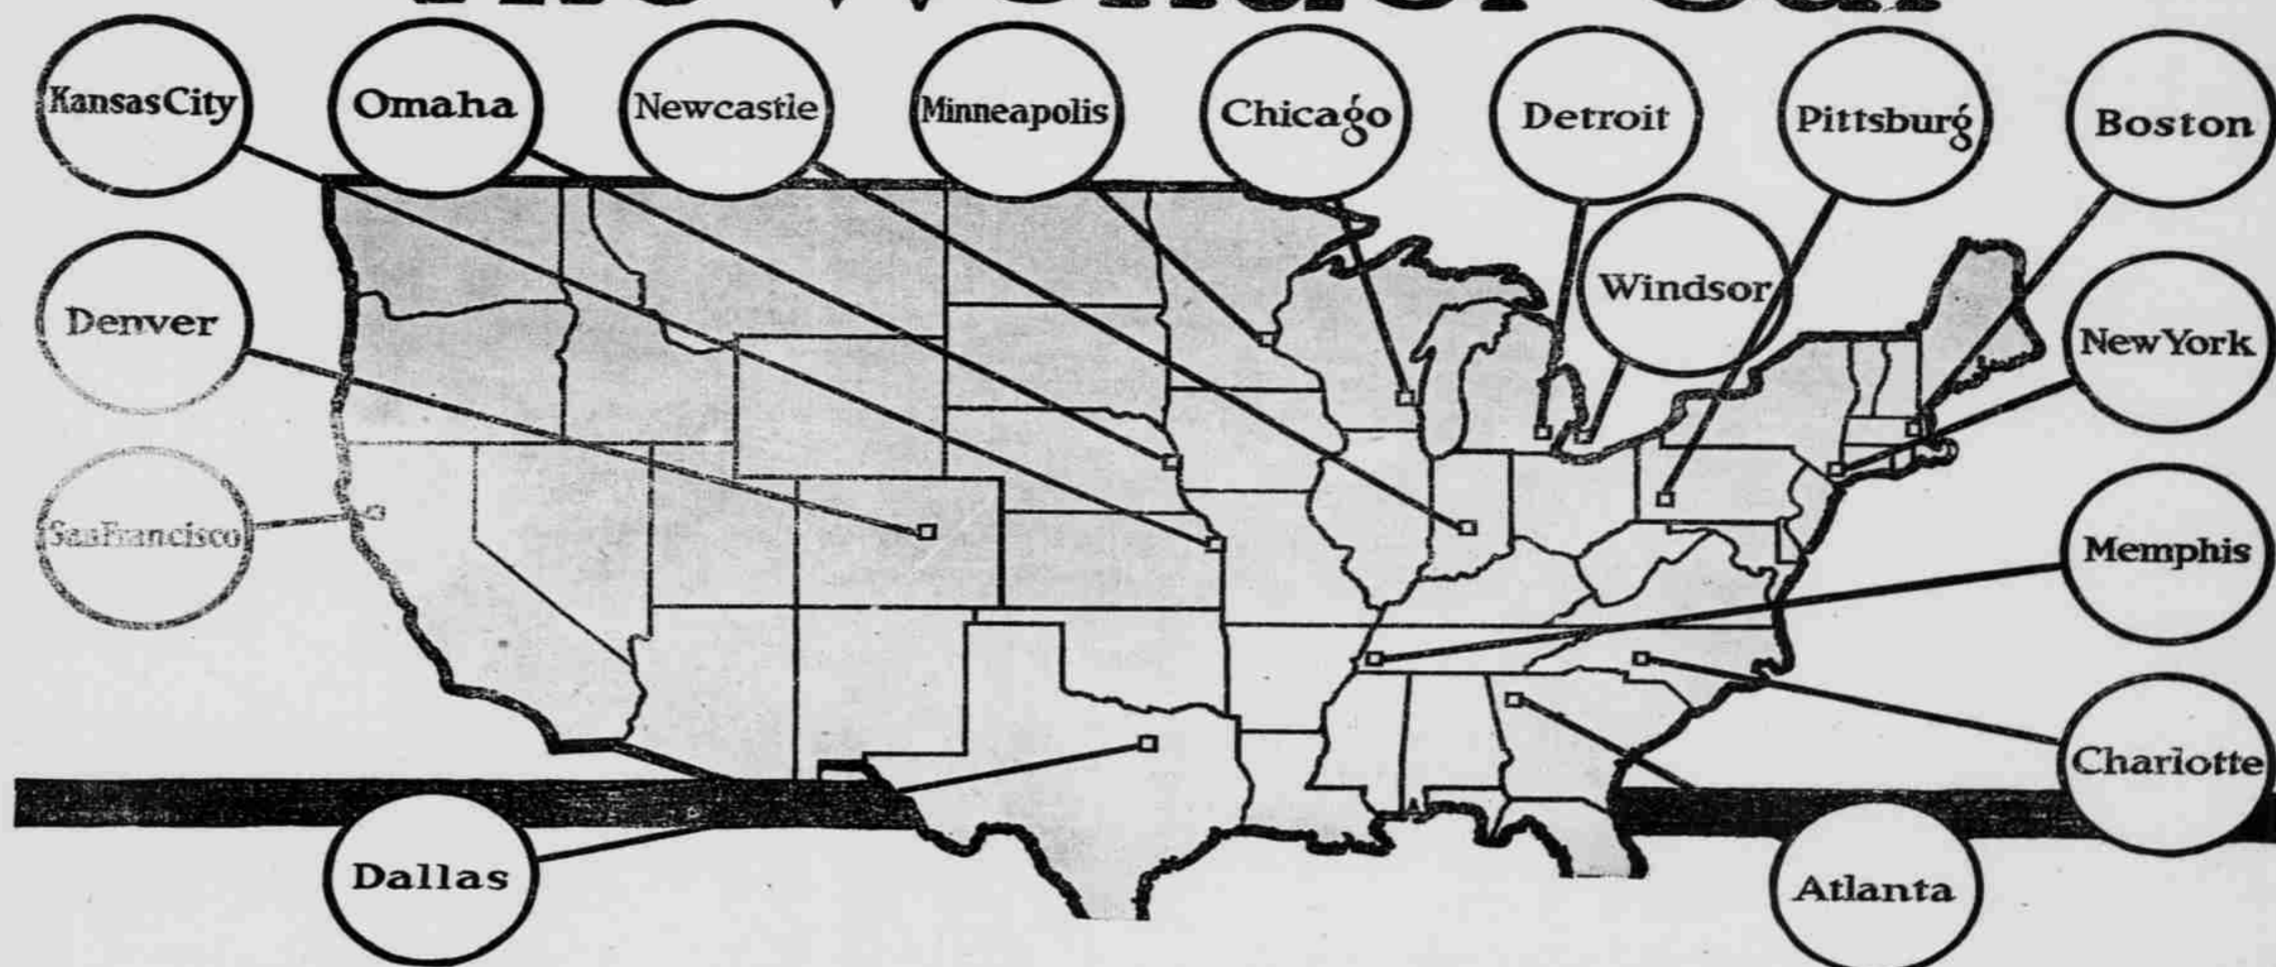

Romaine Fielding, the "King  
of Movies," came with the No-  
bles last Sunday, from Phoenix,  
where he and his company of  
artists now make their head-  
quarters. Monday Mr. Fielding  
was called back to Phoenix by  
wire, and was unable to remain  
for all the "big doin's." How-  
ever, he and his company will  
later come here for a month's  
stay. Everybody loves Field-  
ing; he'll always receive a warm  
welcome in Nogales.

The Nogales business men  
who go on the motorcade through  
portions of Santa Cruz county  
today, tomorrow and Monday,  
will never regret the trip. On  
the trip the motorcade excu-  
sionists will visit Patagonia,  
Harshaw, Mowry, Duquesne,  
Washington Camp, San Rafael  
Valley, Canille, Parkers Can-  
yon, Vaughn, Elgin and Sonoita.  
They will see some of the finest  
country on earth and meet the  
best, most hospitable people in  
the world.

Mr. and Mrs. I. Jones of Park-  
ers Canyon, have for several  
days past been guests at the  
National hotel. Some time ago  
Mrs. Jones sustained a broken  
foot, which apparently had got-  
ten well. Recently, however,  
the injured foot, for some un-  
known cause, became badly  
swollen and gave the lady so  
much pain that she came to No-  
gales to consult Dr. Smelker.  
Now Mrs. Jones is greatly im-  
proved and she and Mr. Jones  
will today depart for home.

# Maxwell

## "The Wonder Car"

### 16 Great Service Branches—54 Maxwell District Offices—More than 2,000 Maxwell Dealers are always at the Service of Those Who Drive Maxwell Cars

When you buy an automobile you buy  
two kinds of service. First:—The service  
given and guaranteed by the car itself.  
Second:—The service given by the maker  
and the dealer while the car is in use.

The service the Maxwell car gives is  
known. 38,000 satisfied Maxwell owners  
have given the car the rough and tumble acid  
test of fully eighteen months' service. The  
car has shown that it is able to stand  
up for the severest use. In cities, over  
country roads, through mud and sand and up  
the steepest mountains, the 1915 Maxwell  
has made good for 38,000 owners.

#### THE SERVICE THAT THE MAXWELL MOTOR COMPANY GIVES

Service that the Maxwell car gives  
is unquestioned. Any automobile  
that comes to time requires service

from the maker of the car he drives. He  
sometimes needs new parts, adjustments, etc.

#### 16 GREAT MAXWELL SERVICE BRANCHES

The Maxwell Motor Company takes care  
of Maxwell owners by maintaining 16 great  
Maxwell Service Branches. These branches  
are in great cities which have been selected  
in such a manner as to thoroughly cover the  
United States. They can deliver parts to  
any Maxwell dealer or Maxwell owner within  
a few hours.

#### 54 MAXWELL DISTRICT OFFICES

54 Maxwell District Offices are main-  
tained in leading cities. This means 54 Dis-  
trict Managers, each with a corps of assist-  
ants. A great big part of the work of this  
army of skilled men is to see that Maxwell  
dealers give real Maxwell service to Maxwell  
owners.

#### MORE THAN 2,000 MAXWELL DEALERS ALWAYS AT YOUR SERVICE

Each of the Maxwell dealers in the  
United States and Canada is an automobile  
expert. Anyone of them stands ready at all  
times to give advice and assistance to any  
Maxwell owner. You can tour all of the  
United States and Canada and should your  
car require the attention of an expert you  
will find a Maxwell dealer near at hand. If  
you need a replacement part, and the dealer  
does not have it in stock, he can get it for  
you from the nearest Maxwell branch within  
a few hours.

Maxwell owners never have their cars  
out of service for days or weeks at a time  
waiting for replacement parts.

The \$695 Maxwell "Wonder Car" is the  
greatest real automobile value ever offered.  
The service that the Maxwell Motor Com-  
pany gives is not surpassed by the service  
given by any other automobile manufacturing  
organization in the world.

#### Read This List of Expensive Features. The 1915 Maxwell Has These Features And Many Others.

<p><b>Streamline Body</b> The body is graceful, crown fenders, rounded. All the grace, style and beauty will find in any of the highest priced cars.</p>	<p><b>High-Tension Magneto</b> A high tension magneto gives positive ignition. The Simms magneto, with which the Maxwell is equipped, is recognized as one of the best magnetos made.</p>	<p><b>Left Side Drive—Central Control</b> Left side steer with gear shifting levers in center of driving compartment—center control—has been accepted by leading makers of expensive automobiles as the safest and most comfortable for the driver; that is why the Maxwell has it. The Maxwell is so easy to drive and control that a child can handle it.</p>	<p><b>Three-Speed Sliding Gear Transmission</b> All high priced cars have a sliding gear transmission. It is costly to make, but it is the best. If the motor has the power, sliding gears will pull the car out of any mud or sand. The Maxwell has a three-speed selective sliding gear transmission because Maxwell engineers do not consider any other type to be worthy of the Maxwell car.</p>	<p><b>Double-Shell Radiator with Shock Absorbing Device</b> The Maxwell radiator is of handsome design, gracefully curved, and it is built to be trouble proof. It is the expensive double shell type and has ample cooling capacity. The radiator is mounted to the frame by means of a shock absorbing device on each side, which relieves the radiator of all twists and distortions of the frame, caused by roughness of the road. The shock absorbing device also minimizes the possibility of radiator leaks.</p>	<p><b>The Roomy Full 5-Passenger Body</b> <b>Adjustable Front Seat</b> The 1915 Maxwell has a full grown 5-passenger body. The front seat is adjustable, you can move it three inches forward or backward. This makes the car really comfortable for the driver. Cramped legs for tall people or uncomfortable reaching for short people. Most drivers' seats are made to fit anyone—so fit no one.</p>	<p><b>Low "Up-keep" Carburetor</b> The carburetor used on the Maxwell was especially designed for it after long and severe tests under every conceivable condition. Economy tours conducted by hundreds of dealers and owners in different sections of the country have proved its efficiency, its quick response to throttle and its extremely low consumption of gasoline. It has been termed the "low up-keep" carburetor.</p>	<p><b>Irreversible Steering Gear</b> The greatest margin of safety has been provided in the steering gear of the 1915 Maxwell. The Maxwell irreversible steering mechanism is of the expensive worm-and-gear type and its superiority over every other type lies in its many adjustments. At no time is more than a fourth of the bearing surface of the gear which operates the worm in use. When needed, a new bearing surface may be had by adjusting the gear a quarter of a turn. In short, the Maxwell steering gear has four times the adjustment of any other kind.</p>	<p><b>Heavy Car Comfort</b> What surprises most people is the smooth, buoyant riding qualities of the Maxwell. The spring suspension of the 1915 Maxwell is the same combination of long, semi-elliptical front springs and the three-quarter elliptical rear springs that is used on most heavy weight, high priced cars. You can afford yourself one of the highest priced machines at a fifth of their cost.</p>
							<p><b>One Size of Tire—Anti-Skids on Rear</b> The Maxwell car is one of the easiest cars in the world on tires. Maxwell owners carry but one spare tire and but one size of spare tubes. Economical 30 inch x 3 3/4 inch tires are used all around. A famous make of anti-skid tires are supplied on rear wheels.</p>	
							<p><b>A Dependable Electric Starter</b> For \$55 extra, you can have your Maxwell delivered equipped with the famous Simms-Huff electric starter. This starter is efficient, trouble proof and easily operated. And the Maxwell is completely equipped from the clear vision, ventilating windshield at the front to the spare tire carrier at the rear.</p>	

#### The Maxwell Company's Guarantee of Service to Maxwell Owners

No other automobile is backed by a more reliable service than that guaranteed every Maxwell owner. More than 2,000 Maxwell dealers—in every part of this country—are always ready to give expert advice, to make adjustments, and to supply new parts at reasonable prices.

This splendid Maxwell dealer service organization is perfected and completed by the chain of Maxwell owned and Maxwell operated Service Branches. Sixteen great Maxwell Service Stations are so located throughout the country that a Maxwell dealer can supply any part for an owner within a few hours if not in his stock. Maxwell Service is one of the great advantages enjoyed by Maxwell owners.

Order a Maxwell from us now, and when you want it delivered, we will  
give you your car—not an excuse on delivery day
